Message From The Recreation Director

Volume 1, Issue 3

make at least one of the softball fields big enough to also play men's baseball.

The first stage of development at Mt. Airy Park is complete, which was the installation of lights on the soccer fields and the football field. The new lights will allow us to offer many new opportunities for leagues and tournaments that will allow us to continue to grow our recreation programs.

Currently under construction are four ASA size softball fields, and a full service pavilion with a concession stand.

There is a discussion to

The construction has yet to begin on tennis and basketball courts. Also planned is an expansion in size to one of our recreational size soccer fields to make a professional size soccer field.

Some other possible future construction projects include a miniature golf course, an expanded playground area, a water spray park, a dog park, bocce courts, and horse-shoe pits.

As Recreation Director for the Town of New Windsor, I am very

excited about the future of the Mt. Airy Sports Complex. I assure everyone that a lot of time and effort have been involved in the planning of events and programs that will be held there. As for the construction, which is being led by Mike Babcock and closely monitored by Supervisor Green and Deputy Supervisor Finnegan, we are very lucky to have such knowledgeable people in charge so I know things will be done right and in a timely manner.

Happy New Year to all!

Sincerely,

Food Pantry Is A Huge Success During Holidays

The Recreation Department would like to extend a sincere thanks to all those who helped support our food pantry during this holiday season. We would like to say thank you to Heritage Jr. High School, New Windsor and Vails Gate Fire Departments, local Boy Scout troops, King of Kings Church, 4H Community Service Project, and the New Windsor Democratic

Committee, as well as other local residents and businesses throughout the town. Because of all of you we were able to help feed those who are less fortunate, and make their holidays a little more merrier.

We would also like to thank Town Supervisor George Green, the Town Board, and all of the departments in Town Hall

who came together to assist in donating and wrapping toys to hand out to the children of our food pantry recipients. This would not have been a success if it weren't for all of you. Thanks again and best wishes for a happy, healthy New Year!
